

LIPPMANN 4800 SERIES

IMPACT CRUSHING PLANTS OFFER GREATER VALUE

SUPERIOR QUALITY, MORE PORTABILITY AND BETTER FEATURES FOR THOUSANDS LESS!

Introducing the 4800 Impact Crushing Plant from Lippmann. The ultimate, completely self-contained easy to transport crushing plant for recycle crushing or aggregate processing that offers contractors all the features they need:

- Lippmann's 4248LP Impactor with a true 34"x48" feed opening that devours concrete full of rebar, ripped asphalt and C&D debris.
- 47"x16' feeder with 4' grizzly and by-pass chute.
- 48"x72" pan feeder under the impactor that allows rebar to pass easily without tearing belts.
- 360HP diesel engine with 75kW generator set.
- 13'6" travel height, 8'6" width, under 60,000 lbs. on triple axle, 95,000 lbs. total gross weight.
- 48" discharge conveyor.
- Continuous same direction material flow.
- 36" permanent magnet (optional).
- 52"x8' single deck inclined scalping screen (optional).
- Abrasion-resistant hopper.

The Lippmann 4800 is the complete, quality impact crushing plant designed to make you more profitable, at an *incredible value*. For more information, contact Lippmann today.

THE NAME YOU SHOULD KNOW FOR QUALITY CRUSHING MACHINERY.
