

Made in the U.S.A.

Since 1923, Lippmann crushing equipment has been manufactured in the U.S. Our legendary crushers are renowned for their incredible performance and reliability in demanding crushing operations.

- While other manufacturers may source various components from multiple remote factories, Lippmann's products are designed, manufactured, and assembled in Milwaukee, Wisconsin.
- Quality control and on-time delivery of the finest equipment is assured.
- Our frames are much heavier, shafts and other components more robust.
- We build more standard features and options into our portable plants.
- Our machinery is built for demanding production, optimum performance, and a lifetime of service.

Immediate response from people you know and trust.

When you choose Lippmann, our team of professionals is ready to respond to your needs.

- You won't get passed around through layers of management.
- Our engineers are standing by in Milwaukee, not overseas, to provide fast efficient designs and layouts using state-of-the-art systems.
- We offer an outstanding level of design capability and will customize a plant to fit all your specific requirements.

AFTERSALES SUPPORT

Ask any Lippmann customer how we personally support their equipment. All Lippmann machinery comes:

- Backed by our genuine spare and wear parts and technical support.
- You'll have access to the parts you need, when you need them.
- Our field service experts are available around the clock to offer on-site technical assistance and minimize downtime.

WE STAND BEHIND OUR WARRANTY

If you ever have a problem with Lippmann equipment, we fix it right away, pure and simple.

- No negotiating approval from headquarters or delays in shipment of parts.
- Immediate service right here in the U.S. from the people you know and trust.
- No one in the crushing industry stands behind their products better.
