

REFURBISH

your aging Lippmann or Hewitt-Robins
Jaws and Feeders and save!

Backed by our full factory warranty!

From single components to complete machines, Lippmann-Milwaukee offers complete expert refurbishing or reconditioning of your Lippmann or Hewitt-Robins Jaw Crushers or Feeders, backed by our full factory warranty!

Lippmann's refurbishing and reconditioning team will provide a thorough inspection of your crusher using various stress analysis tests to reveal weak areas or cracks, and to assure strength at all key points. Genuine new or reconditioned Lippmann parts are installed and guaranteed to fit and perform to the same specifications as your original machine. You'll also have the opportunity to upgrade to

some of the latest design and engineering advancements we offer today.

Take advantage of tremendous cost savings and achieve optimum performance once again from your aging Lippmann or Hewitt-Robins equipment. To schedule refurbishment of your Jaws or Feeders with our repair facility, contact us today! Call (800) 648-0486.

We'll pay half your freight!
